NATHANIEL SPRY

Email: nspry1997@gmail.com

PROFESSIONAL SUMMARY

An experienced Full Stack Web Developer pursuing a degree in Information Technology and Informatics. Certified in Full Stack Web Development through Rutgers University Trilogy Education. Looking for an entry level position in software consulting. I have freelanced in web development for about a year and held internships at Ernst & Young and Wells Fargo. Additionally, I am able to keep great customer relations and can work both independently and in a team environment.

EXPERIENCE

Freelancer
- Created websites for small local businesses both front and back end
- Consulted with businesses to best fulfill their needs
- Kept maintenance on the websites for the duration of agreed contract

Rutgers Future Scholars - Ambassador
- Managed a set of scholars with their daily activities and classes
- Held weekly meetings and discussed what was learned throughout the week and what could be improved, and any issues the other ambassador came across
- Encouraged scholars to be engaged in the courses

Ernst & Young - Internship
- Handled presentation of a project and designated roles to peers to complete as a team
- Learned to multitask and efficiently allocate work in my team
- Completed time sensitive projects that required our team to be adaptable
- Developed communicative and team skills

Wells Fargo Internship
- Shadowed personal accountants as they worked with clients
- Shadowed bank tellers and received their point of view

Bravo - Internship
- Learned about the supply chain and branches involved with Bravo
- Experienced how a large company operates
- Assisted workers in unpacking and unboxing the Bravo merchandise
